April 1, 2012

Praise and Thanksgiving and Recent Events

- CLRC hosted 2 spring weekend retreats by the Deer Park Community Church and the Lynchburg Chinese Christian Conference leadership training on 3/17 and 3/24, 2012 respectively.
- The year's first CLRC Board of Advisors meeting was held on February 18, 2012. The agenda included a review of current ministry status, report by the facility expansion committee, planning for the April leadership seminar retreat, sharing and prayer. The next meeting is scheduled for August 11 in the morning.
- The preparation for the upcoming seminar retreat is in full swing. Contacts were made with various church coordinators and the retreat brochures describing the speaker and the theme were sent out by email attachment. This year we have implemented a new online registration process to be used by the coordinators who will register collectively for attendees from their own church. Various local and regional churches who have attended the seminar in the past have been incorporated in the online tool to facilitate and automate the registration process. Individuals and/or new churches can still register with the registration form provided in the seminar brochure by mail or the *Registration Seminar Retreat e-form* used last year.

Prayer Requests

- Continue to pray for the upcoming CLRC leadership seminar retreat April 26-28, 2012. The topic is "Biblical Inerrancy" from both a theological and an apologetic perspective. The speaker is Dr. Luke Lu (吕沛渊 牧师). Pray that the messages will inspire and fulfill the urgent needs for churches and God's servants to stand firm, defend, to teach and to apply with conviction and power this vital biblical truth in this age of apostasy and post modernism. The deadline for registration is April 8. (The dormitory will accommodate attendees on the FCFS basis.)
- Pray for all the attendees that the various programs during the retreat will promote genuine fellowship and the kingdom spirit among them and the churches. Pray for this year's coordinator, Elder Kuo-Ping Li and many other co-workers to serve effectively before, during and after the seminar retreat.
- Continue to pray for the CLRC physical improvement needs: to expand the capacity of the existing dorm and improve the surroundings. May God's will be done and His name glorified in the process.
- Pray for all the CLRC part-time volunteers / workers and their families.
- Continue to pray for the establishment of a permanent, dedicated team to serve the needs of CLRC ministries in the areas of management, programs, finance, public relations, technology and operations. Pray for the newly established three BOA committees: facility/operation, program/promotion, and technology. May we all serve Him faithfully in carrying out our responsibilities, be blessed, and a blessing to all.

Albert Yeh on behalf of the CLRC Team
